

MEXICANS VISIT BARRETT'S MILL.

Two native Mexicans, of Par-ral, Mexico, Juan Farrar and Pedro Dialto by name, were interested visitors at the Barrett & Co. flouring mill, Monday. The two gentlemen came to Indianapolis for the purpose of purchasing machinery for a mill which they expect to have built in Mexico. The mill at this place was constructed by Nordyke & Marmion, of Indianapolis, and it was from that firm that the men carried a letter of introduction to Mr. Barrett. They were shown through every department of the mill by the accommodating miller, Eli Gentry, and seemed to be very much pleased with its workings.

FAMILY RECORD.
