Dear Ms. Miller Carter:

In researching my husband's family I have found that the Bowman family resided in Marion Township, Hendricks County. I am unable to visit Indiana and I am interested in hiring a researcher to help me. Do you do genealogical research? If you do research would you please inform me of your fees. If you do not do research would you be able to put me in touch with an individual who does?

Enclosed please find information regarding the William Bowman family.

Thank you for your time.

Sincerely yours,

Mary Mathewson
